**HUMBER
GLOBAL** **SUMMER
SCHOOL**

READY FOR A UNIQUE GLOBAL ACADEMIC EXPERIENCE?

Spark your intellectual curiosity and expand your skills in a three week summer course on-campus with students from around the world.

Over 700 students from 38 countries worldwide have participated in our Global Summer School! This July 2024, gain industry connections and insight into Canadian culture and get ready for experiences that you'll never forget. Travel to Toronto for inspiring classes, social activities and make lifelong friends, globally.

Why join Humber's Global Summer School?

- Career-focused and experiential courses taught by experienced Humber faculty and industry experts
- Focused support from our expert team from airport pickup to departure
- On-campus suite-style accommodations a ten minute walk from Lake Ontario, including a partial meal plan with daily breakfast and lunch
- A full social itinerary outside your classes, including a welcome reception, Toronto city tour, a trip to Niagara Falls and more, all focused on connecting and deepening your understanding of social and cultural diversity
- An official certificate of completion from Humber College for your C.V. and LinkedIn

BE A PART OF THE HUMBER GLOBAL FAMILY

For over 50 years, Humber College has been a global leader in career-focused learning. Humber is committed to student success, teaching and learning, and advancing knowledge. Our faculty is dedicated to educating in what we believe to be the best learning experience Canada has to offer.

Join us this summer and find out for yourself!

WELCOME TO HUMBER

BECOMING A PODCASTER

AN INTRODUCTION TO PODCASTING

[CLICK HERE FOR COURSE PAGE](#)

Podcasting soared in popularity in recent years but do you know what it takes to start your own? In this course, create a plan to produce your first podcast - from ideation to pitching, to launch. You'll examine the technical tools, software and platforms used in production while exploring the fundamentals of audio storytelling and current industry trends.

THIS PROGRAM IS RIGHT FOR YOU IF:

- You have a great podcast idea, or you're curious how high quality podcasts are made
- You're interested in using audio to tell stories and engage with new audiences and the broader public
- You're open to learning from others, including experts from the industry and fellow peers
- You're curious about how to use podcasts to reach clients and internal audiences at different organizations

CHILDREN,

PLAY AND CREATIVITY

[CLICK HERE FOR COURSE PAGE](#)

Play and creativity is fundamental to children's early development. The Children, Play and Creativity course helps you develop the skills to design learning environments and experiences that nurture unstructured play and imaginative abilities in children, and adults alike!

THIS PROGRAM IS RIGHT FOR YOU IF:

- You're looking to develop the skills to design learning environments that are play and creativity-friendly
- You have an academic background and interested in children's development
- You understand the importance of creativity in learning environments, no matter what industry
- You want to become a better parent, caregiver, or ally to children in your chosen industry

CONTENT AND LANGUAGE INTEGRATED LEARNING

[CLICK HERE FOR COURSE PAGE](#)

Teaching English Language Learners in an English Medium environment is no easy task. In this course apply strategies for active student engagement, integrate technology-enabled teaching, and learning in your classroom. Understand and employ CLIL approaches for classroom teaching while implementing the use of various teaching technologies.

THIS PROGRAM IS RIGHT FOR YOU IF:

- You desire to design student-centered courses, learning experiences and assessment techniques
- You're interested in applying adult education learning theories to teaching contexts
- You want to develop your language skills, critical thinking, problem-solving and collaboration skills
- You're looking to increase participant's proficiencies in technology-enabled teaching and learning

HUMAN RIGHTS

DIVERSITY AND SOCIAL INCLUSION

[CLICK HERE FOR COURSE PAGE](#)

This course introduces you to the principles of human rights, diversity, social inclusion, international and national laws developed to guide human interactions. You'll explore your personal perspective and examine concepts of colonization, power, privilege, oppression, social justice, anti-racism, anti-oppression, including indigenous, feminist, and critical race theories for community development.

THIS PROGRAM IS RIGHT FOR YOU IF:

- You are interested in building foundational knowledge and theories to understand and analyze social issues from a historical, global, local and contemporary frame.
- You would like to apply theories of social justice and equity in addressing diversity in a professional context and within your local community.

INTERCULTURAL COMMUNICATIONS

[CLICK HERE FOR COURSE PAGE](#)

From global organizations to personal connections, understanding intercultural communications will help you relate in a meaningful way across borders. Get the skills that will set you apart on the globalized stage! Evaluating your own culture, values, beliefs, biases, and identities, this course will help you adapt on the international stage.

THIS PROGRAM IS RIGHT FOR YOU IF:

- You have an interest in international issues and curiosity for culture
- You understand the importance of cultural sensitivity in your communities and workplace
- You are ready to reflect on your own cultural lenses and identity
- You want to communicate better personally and professionally with everyone

OPTIMIZING HIGH PERFORMANCE BUILDING DESIGN

[CLICK HERE FOR COURSE PAGE](#)

The UN reported at COP26 that the building sector accounts for 38% of total global energy-related CO2 emissions. To advance us to reach net-zero, this course will advance understanding of low energy, high performance buildings for the security of our future.

THIS PROGRAM IS RIGHT FOR YOU IF:

- You're excited by embodied carbon, renewable energy systems and microgrids in buildings
- You're interested in Passive House design and software applications used for certification
- You want site visits that demonstrate current applications of emerging trends and high performance buildings
- You want to be an innovator in your sector for achieving sustainability and supporting climate change mitigation

SOCIAL ENTREPRENEURSHIP

PEOPLE, PROFIT AND THE PLANET

[CLICK HERE FOR COURSE PAGE](#)

We're in a new era of business. In this course, gain valuable insight on social entrepreneurship and its capacity for making transformational change. Using the principles of social entrepreneurship, students are introduced to different methods of addressing social problems and will learn to develop, design and implement a social action project plan.

THIS PROGRAM IS RIGHT FOR YOU IF:

- You are interested in transformational change related to a wide range of contemporary complex challenges
- You're ready to work in a group setting focused on social action project plans
- You are ready to reflect on your own cultural lenses and identity
- You want to lead change effectively through a social entrepreneurship model

SOCIAL MEDIA

DEVELOPING YOUR DIGITAL MARKETING SKILLS

[CLICK HERE FOR COURSE PAGE](#)

Social media is reshaping our communication on every personal and professional level! Stay ahead of the digital marketing curve and learn the fundamental skills needed to stay competitive in your desired industry. This course is delivered in partnership with Business Academy Aarhus (Denmark) and Dania Academy (Denmark).

THIS PROGRAM IS RIGHT FOR YOU IF:

- You're open to a collaborative, peer-to-peer, 24/7 culture that is essential to social media success
- You're ready for a hands-on experience with social media professionals
- You're looking for tools to develop digital content strategies and increase search engine optimization (SEO)
- You're ready to work in a group setting that will expand your digital marketing knowledge

SUSTAINABILITY ESSENTIALS

BUILDING A GREENER FUTURE

[CLICK HERE FOR COURSE PAGE](#)

In this highly immersive, experiential course, you'll examine the fundamental structures, systems, and theories of sustainability. You'll learn how to apply various frameworks, including the United Nation's Sustainable Development Goals (SDGs) and theories on individual and collective action to identify opportunities and solutions to global sustainability issues.

THIS PROGRAM IS RIGHT FOR YOU IF:

- You are passionate about sustainability and want to gain a deep understanding of its fundamental structures, and theories
- You are interested in exploring the interconnectedness of sustainability with Indigenous Ways of Knowing, social dynamics, and environmental progress, and want to critically analyze the impacts of various factors on the planet and its inhabitants
- You are motivated to make a positive impact on global sustainability challenges by aligning strategies and solutions with United Nations Sustainable Development Goals and understanding the intersections between social and ecological problems.

STUDENT TESTIMONIALS

Hear more about the experience from our previous participants!

Nancy Hwang
Hunan University, China

“It was my first experience at a Canadian institution, and I was introduced to a different kind of thinking. It wasn’t just skills - the course really opened my mind. Now I know how to teach and inspire my own students to use their imagination, experience nature and develop.”

Akaila Reid
Bachelor of Child and Youth Care, Humber College

“I saw all the different course options and they seemed really interesting. After doing my research, I realized the course described exactly what I wanted to do. Our professor was extremely knowledgeable and passionate about the subject and about other countries. He could say hello in a few languages!”
